### Referrals Mean Money in your Pockets

Alto is changing the way we do things to better serve our amazing employees! Our Referral Bonus program has gotten a tune-up and we're excited to announce the changes. Going forward, employees who refer a healthcare professional to us will receive a bonus check of \$200 right to their door after their referral works only 200 hours. That's right! We lowered our 580 hour minimum to just 200 hours!

This makes cashing in your great referral that much easier and fun. Alto has created a simple process and form online to assist our employees with sharing their great experiences with their peers.
